September 1, 2009

Dear Parent or Guardian:

The federal No Child Left Behind (NCLB) Act defines new standards for teacher quality. Under NCLB, teacher must hold a Massachusetts teaching license at the Preliminary, Initial, or Professional level and demonstrate subject matter competency in the areas they teach. NCLB standards apply to the subject matter taught by teachers. For example, a teacher may be qualified to teach one subject but not another. With this in mind, we are doubling our efforts to make sure all teachers at our school are appropriately assigned to teach classes that reflect their qualifications.

Under the law, school districts must annually notify the parents/guardians of each student attending any Title I school that they may request information about the qualifications of their child's teacher and teachers:

- Whether your child's teacher has met State qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction.
- Whether you child's teacher is teaching under an emergency license or wavier through which the State qualifications or licensing criteria have been waived.
- The baccalaureate degree major of your child's teacher and any other graduate certification or degree held by the teacher, and the field or discipline of the certification or degree.
- Whether you child is provided services by paraprofessionals and, if so, give their qualifications.

Boxborough School District is committed to providing quality instruction for all students and does so by employing the most qualified individuals to teach and support each student in the classroom. If you would like to receive any of the information listed above for your child's teacher, please contact me at your convenience.

Sincerely,

Curtis A. Bates, Ed. D.
Superintendent/Curriculum Director
